

Saskia is launching WakeUp Deborah in the Netherlands.

## This movement is growing

This movement is growing so rapidly that we only have one explanation: God has planted the seed in the hearts of many women and we are **just starting to harvest**.

### Holland:

Saskia responded to the Lord's calling. At the beginning of this year all she had was encouragement and prayer from her mother, her husband and a few international Deborahs. Now, she wrote....

- *First of all, I spoke with the national director of Youth for Christ in Holland and he adopted WuD as an initiative and part of YFC.*
- *In March I gave a presentation about WuD to the Business Group of YFC. One of the people in the audience was a brother of the television host for the "Hour of Power" services on Sunday morning. He invited me for an interview about WuD and he was very impressed. The interview was on TV on Mother's day!! I got a lot of reaction and 50 people registered as Deborahs.*
- *I also needed a website for WuD on short notice. It needed to be active by the time the interview was broadcasted (May 8th). The YFC coordinator Zwolle was helpful! He had a friend who builds websites and this friend was willing to do it for free!*
- *Now, we have a website in Dutch [www.wakeupdeborah.nl](http://www.wakeupdeborah.nl)*

WakeUp Deborah in Cuba!

### Cuba:

Last year, a Cuban mother discovered our website and contacted Silvia, the Canadian WuD coordinator. Since then WuD Canada has been helping the new Cuban Deborahs with magnets, the prayer journal and Bible Study materials in Spanish. She wrote;

- *In Palma and San Luis, two towns close to Santiago de Cuba, we have a group of Deborahs. The great thing is that we are already seeing the fruit of our daily prayers. For example, one Deborah who began to pray only a couple of months ago is rejoicing because her husband got baptized and her daughter started to attend church. We are celebrating this news with her.*

WakeUp Deborah magnets spreading across Canada!

### In Canada:

- YFC Regina distributed 2000 magnets among local churches. Great response!
- Vancouver: wonderful growth among Hispanic mothers. Six areas have monthly prayer groups. Two breakfasts will be coming soon. Southridge Baptist Church in Langley started two prayer groups.

Be attentive, He wants to bring WuD to your community!!
